FELL IN A POT OF TAR.

A well-known stenographer of this city went to the Dyke with a party of friends to spend Sunday and Labor Day away from the trials and tribulations of a busy life, but his vacation was cut short by a misfortune over which he had no control. The weight of excessive business bearing heavily upon him, he became restless during the night, it is said, and he could not sleep. He wandered from his resting place and strolled along a narrow strip of land which divides the Dyke proper from a marsh and becoming tired he noticed a black spot which he took for a solid log, and exhausted nature wanted rest. It seems that some of the fishermen had left a pot of tar, with which they had been preparing their nets for the fall fishing, and this was what the young man tried to sit on, with the result, it is said, that he was almost immersed in the tar. The language he used when he scrambled out would only suit the "tarred" regions.

CUTTING AFFRAY.

Llewellyn Lane, colored, yesterday afternoon about five o'clock armed himself with a knife and attacked Walter and Edward Bryant, also colored, near the intersection of Oronoco and Patrick streets. Walter Bryant received four cuts on the left side of his face and Edward was slashed on the neck. Walter proceeded to the station house where Lieutenant Smith bandaged his wounds while awaiting the appearance of Dr. Warfield, who later rendered the necessary surgical assistance. Officers Knight and Talbot subsequently arrested Lane, and Officer Roberts took Edward Bryant in custody. He is charged with disorderly conduct and fighting. Walter Bryant stabbed Lane in a difficult some time ago. Lane was brought before the Police Court this morning and fined \$25. Should he fail to pay the fine, he will be put to work upon the roads. Edward Bryant was dismissed. The trouble originated over a scrap game.

A FORMER ALEXANDRIAN.

Mr. W. H. Steuermann, who has been connected with the Piedmont Club for a long while, will leave today for Alexandria, where he will spend a few days visiting. Later he will go to Richmond, where he will take charge of the Commonwealth Club in the same capacity as with the Piedmont Club here. Mr. Steuermann has a host of friends who will greatly regret his departure. Besides his connection with the Piedmont Club, he was a prominent member of the Elks, among whom he was very popular. Mr. Steuermann had charge of the last Elks' memorial which were so successfully carried out. Owing to sickness during the past week Mr. Steuermann has been unable to see his friends and tell them good-by, and says that he is exceedingly sorry to leave Lynchburg, where he has spent such an enjoyable residence. (Lynchburg News, 5th inst.)

ASSAULTED HIS WIFE.

At an early hour yesterday morning Mary Grayson, colored, who claims that she is kept on a treadmill in order to meet family expenses, arose and suggested that her husband, Perry Grayson, follow her example by getting ready for work. The man, however, was averse to being disturbed, and said he preferred to remain where he was. The woman told him if he did not stay out every night until two o'clock in the morning he would be in a condition to work, as she was compelled to do. This angered her liege lord, and he struck her. Officer Talbot subsequently took him in charge, and he was brought before the Police Court this morning and fined \$5.

KNOCKED LAMP FROM HER HAND.

Officers Roland and Arrington last night arrested a darkey named James Brown on the charge of destroying the property of Ella Reynolds, colored, his sister-in-law. In the Police Court this morning it was alleged that Brown yesterday morning it was alleged that Brown went to the woman's house, broke windows and knocked a lamp out of the hand of a young colored woman. The fire which resulted was spreading and was with considerable difficulty extinguished. Five children were in an upper room at the time, and the flames were ascending the stairway. Justice Caton fined the accused \$10.

FINED FIVE DOLLARS.

Among the cases before the Police Court this morning was that of a negro named John Wilson, who was charged with disorderly conduct. Wilson had been arrested by Officers Knight and Nicholson for arising himself with a shillash and parading the streets in the night time. There have lately been complaints lodged against negroes who carry sticks in the night time, and who generally have chips on their heads. Justice Caton fined Wilson \$5.

FIRE AT GLASS WORKS.

The alarm of fire early last night was caused by the bursting of two tanks of molten glass at the Belle-Fre Bottle Works in the northwestern section of the city. The fire department made a quick response and prevented what might have resulted in a serious conflagration. While the damage to the structure is slight, the loss of glass and the restarting of operations will be a serious setback to the proprietors of the works.

TO THE RESCUE.

It was mentioned in the Gazette yesterday that a naphtha lamp caught fire in Nottley Hall last Sunday. It was also said that a number of launches went to the rescue. The first to arrive on the scene was Capt. Thomas Wadley, of this city, in his launch Helen W., and he describes the narrow escape of the Washington boat and crew as marvelous.

OPERA HOUSE.

Following last week's excellent vanderbilt which was produced at this house another big surprise awaited the people of Alexandria last night, in the marvelous production of Tomlin, Carl and Tomlin. It was one of the biggest magic and illusion acts on the stage today. Just coming from the big circuits, where this act has been an immense drawing card, this house secured this big production, carrying over 2,000 pounds of excess baggage. The big act will be here all this week. It has been the aim of the management since the vanderbilt season opened to give the best that money can get and with long experience in this line, they are certainly holding up their end and are more than pleased to see the appreciation shown by the attendance at all performances. Then there are Young and Lysle, one of the best all around teams in the business today. Their clever way in producing comedy and pathetic sketches has been the talk of all the audiences they have appeared before. Miss Lysle in her original version of "The Dancing Doll" was novel and certainly was appreciated by the audience last night. The house was crowded.

EXCURSION TOMORROW.

As has been stated before, the Elks' Dramatic Club will give its annual complimentary excursion to Marshall Hall tomorrow. As the excursion is nearing its close, it would be well for those who love fun to take advantage of this trip, especially as it costs nothing. This dramatic club only exists for the good it does others and will be called upon more than once during the coming winter; in fact it has already listed several cases where charity is sorely needed. The club intends to help relieve the distressed. Every imaginable amusement has been provided by the committee and all who go can be guaranteed a good time. The weather prophet promises good weather. The following is the committee in charge: Messrs. Harry Fleischmann, A. D. Montier, J. Fred Birrell, Edwin Forrest Birrell, Thomas Chaucer, Harry B. Quinn, H. Linden Wheatley, Frank Smith, E. J. Fleming, R. M. Latham, David E. Robey and H. Freidlander, the man who pays all the bills.

CARDINALS WIN TWO GAMES.

In the first game of a double-header played yesterday on the north Alfred street grounds the Cardinals Athletic Club easily defeated the Rose Buds, of Washington, by the score of 13 to 0. The feature of the game was Schofield's pitching. Cockrell's catching and Murphy's fielding.

The second game was played with the Mohawk Athletic Club, the 17-year-old champions of the District, the Cardinals winning by the score of 13 to 10. The game was exciting all the way through. Astyrke, C. A. O.'s big first baseman, made three home runs during the day. McBride's playing at second, Whitton at short and Trenary's pitching featured the game. The playing of Patterson, Dudley, Lynn, Bayless and F. Cockrell was also good.

CHILDREN'S TENT BURNS.

Several children had a narrow escape from serious injury yesterday afternoon when an improvised tent in which they were playing on north Columbus street caught fire. Mr. George W. Petty, jr., and Mrs. Joseph Weingard, who saw the danger, ran to the rescue and succeeded in pulling the children away from the burning tent, but not before the hair of one of the little girls was singed. One of Mr. Petty's hands was painfully burned while he was extinguishing the flames.

MOTOR BOAT RAMMED.

There was a narrow escape from a serious disaster early last night when the excursion steamer Queen Anne collided with a motor boat from Washington opposite the shipyard. Fortunately the impact was not severe enough to injure the smaller boat, as the steamer's engine had been stopped and every effort was being made to avoid an accident.

But the motor boat began to leak as it was run on the flats of the opposite shore. Larer the occupants, twelve persons—men, women and children—were taken off the disabled boat by other launches and carried to Washington. The motor boat remained on the flats all night and this morning it was hauled out and towed to Washington. The steamer Queen Anne was on her way down the river at the time of the accident and the remaining nearby until her officers and crew were satisfied the occupants of the disabled boat were safe.

A GREAT CROWD.

At the corner of Prince and Royal streets last night a great crowd was gathered, and many people thinking there was trouble imminent rushed to the scene only to find that one of the northbound trains from Mt. Vernon had been derailed a short distance down the electric railway. After an hour's delay the train was placed on the track and the schedule was proceeded with as if nothing had happened. No one was hurt. But it's a ill wind that blows no one good and the railroad's ill luck was Mr. Frank Spink's gain, for some of the passengers used his place for a waiting room.

KILLED BY HIS LITTLE SON.

Harvey Pierson, colored, was shot and instantly killed near Burke's station yesterday by his nine-year-old son, Pierson, who of late had been living in Alexandria, west yesterday to the home of his parents in Fairfax county for the purpose of hunting squirrels. After returning from his morning trip he placed the gun in a corner of the room, failing to remove the shell. His little son later picked up the gun, unaware of the fact that it was loaded, and discharged it. A heavy load of shot entered Pierson's back, killing him instantly.

Considerable business of a private nature was transacted.

Denver, Sept. 7.—The great dam at Jefferson Lake, fifty miles south of Denver, broke early today and a deluge is washing toward the city. It is expected that the water will reach here late this afternoon. Men on horseback are riding along the Platte river warning the residents of the lowlands to seek safety in the hills.

New York Stock Market.

New York, Sept. 7.—The New York Stock Exchange opened in a frenzy of excitement today, and stocks advanced at the opening. Some cases falling with a crash 1-2 points. The Harrison issues led the decline. London heard that Harrison was dead and there was a violent slump in all American stocks.
